

SE School Psychology Consortium and GASP Region 10 Hosts: 2019 Annual Winter Workshop

Dyslexia Cornucopia- Shaywitz Dyslexia Screener & WIAT3/KTEA3 Dyslexia Indexes

This workshop will cover the dyslexia screening practices using the newly released Shaywitz Dyslexia Screener developed by Dr. Sally Shaywitz, MD. This Dyslexia Screener is an efficient, reliable, and user-friendly tool for K-3 students who may be at risk for dyslexia. Created by Dr. Sally Shaywitz, a global leader in dyslexia. Also presented will be the newly released KTEA-3 and WIAT-III Dyslexia Indexes. These new composite scores provide theoretically sound, reliable, and clinically sensitive metrics for identifying risk for dyslexia among students. Practitioners can obtain a Dyslexia Index score to screen for dyslexia and identify individuals who may benefit from a comprehensive evaluation or a more intensive intervention approach. Earn 5 contact hours. GASP is a NASP Approved Provider.
